Description

With more strength, more performance and better ergonomics, the Timberwolf TW 230VTR diesel variant wood chipper is a tough machine for tough jobs!

The WolfTrack® variable width, dual speed tracking system will get this wood chipper to the most remote locations fast and with a minimum machine width of just 810mm, not even a garden gate will stop you. Add to this performance the competitive price and this all-round wood chipper will work hard for your business year after year, making the TW 230VTR a wise investment for your business.
