Description

With an enviable heritage, Timberwolf recognises our responsibility and the need to move towards more sustainable solutions. Developed to meet a growing need in the industry, the TW 280HB HYBRID offers 62hp of peak power but with Kubota Super Mini Series engine levels of emissions - ideal for the most challenging of jobs.

Simple to maintain, the TW 280HB HYBRID wood chipper is ideal for companies and organisations who are committed to minimising their emissions and fuel usage whilst not compromising on performance.

Features

Class leading peak power of 62hp (46.3kW)

Kubota D902-TE4, 24.8hp (18.5kW), turbo diesel engine

With swift recharging capability, supercapacitors provide additional energy when required

Maintenance-free, 37.3hp (27.8kW) generator synchronous motor (GSM) and supercapacitors

All electrical components rated to IP68

Auto-back off function as standard
